

DIARY NOTES

25X1A

DD/S

31 December 1958

1. I talked with Jim Cunningham and [REDACTED] about certain personnel assignments, as follows: [REDACTED] who is in [REDACTED] and is extending until 1 January 1960 has been appointed the Executive Officer for the Station; Dick is taking [REDACTED] with him to DD/P as his personal assistant; [REDACTED] is returning to Headquarters to replace [REDACTED] as Deputy to Jim; [REDACTED] is going to [REDACTED] to replace [REDACTED].

Both Jim and Dick have told me that they anticipated a saving of 17 out of 30 positions by merging the Air Division in DD/P with Project CHALICE.

2. Larry Houston advised me that there were several points in Jim Garrison's proposed contract for [REDACTED] which he wanted to look into further.

3. Bob Amory told me that he and Sherman Kent were reluctant to spare [REDACTED] for the [REDACTED] Committee and proposed that [REDACTED] continue. I told him that I had no objection to Jim continuing for that phase which it had been agreed Bill would chair but that I would insist that [REDACTED] become Chairman when they arrived at the Communications aspect of the problem.
